

SPIRITUALITY IN WORSHIP, DOCTRINE AND LIFE

WORSHIP SHAPES DOCTRINE

Worship is a direct experience and declaration of our faith. In worship we encounter the saving God whom our worship describes.

WORSHIP SHAPES LIFE

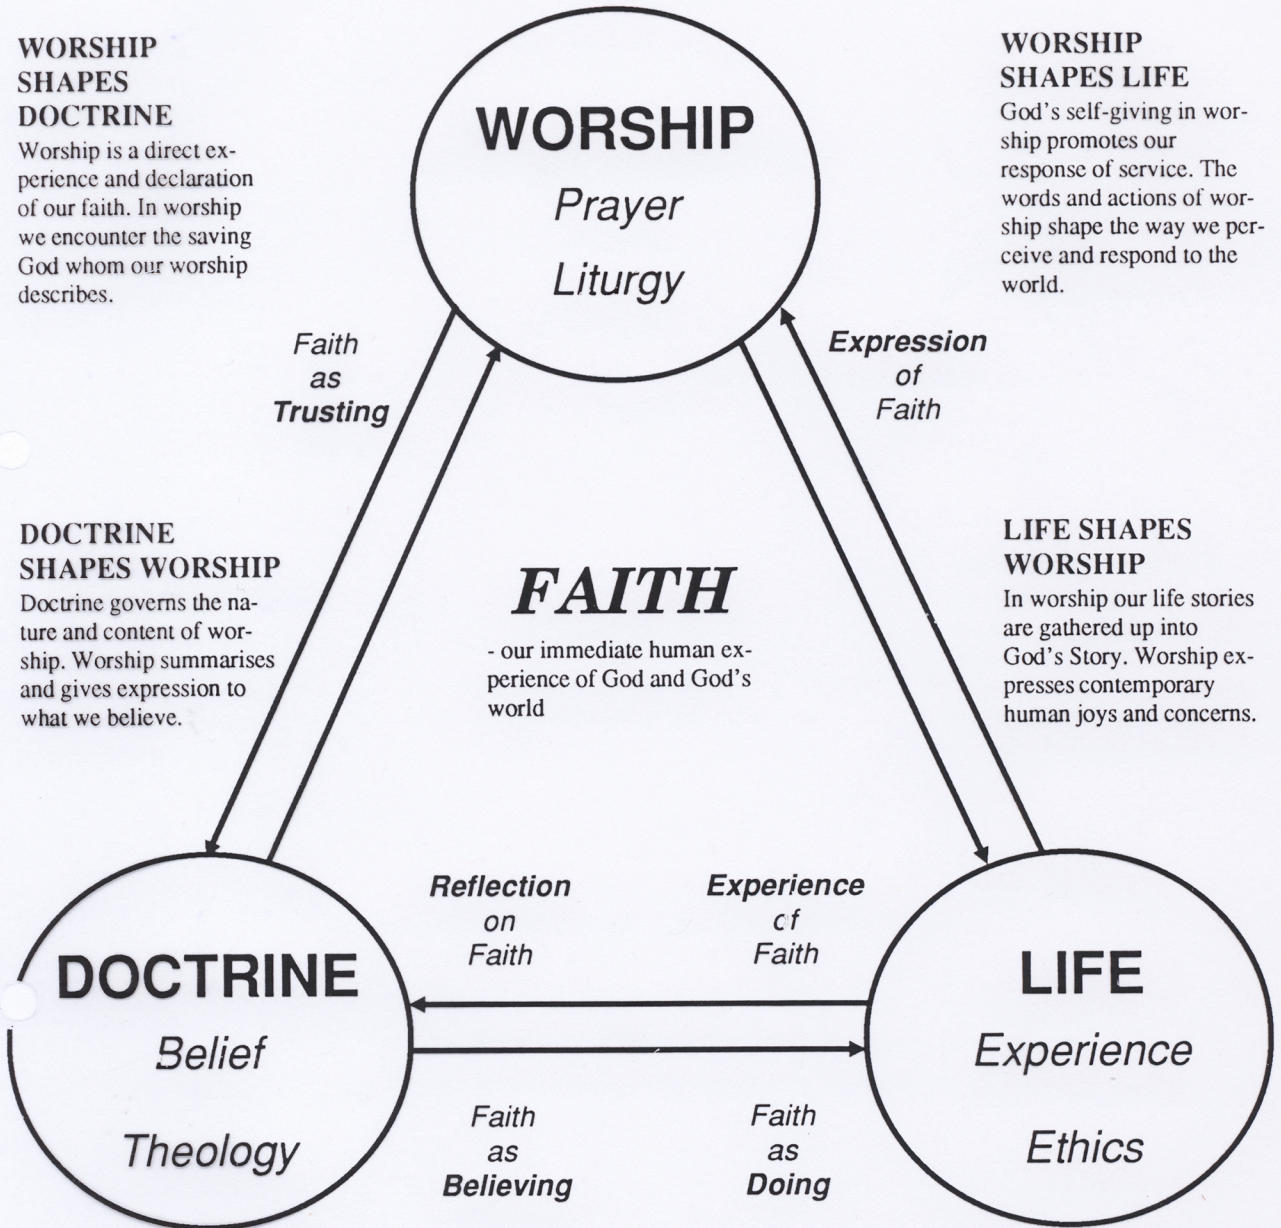

God's self-giving in worship promotes our response of service. The words and actions of worship shape the way we perceive and respond to the world.

DOCTRINE SHAPES WORSHIP

Doctrine governs the nature and content of worship. Worship summarises and gives expression to what we believe.

LIFE SHAPES WORSHIP

In worship our life stories are gathered up into God's Story. Worship expresses contemporary human joys and concerns.

DOCTRINE SHAPES LIFE

Beliefs provide a frame of reference for our actions. Our lives are a practical "confession" of our faith.

LIFE SHAPES DOCTRINE

Belief systems summarise our real-life values and commitments. Doctrines are systematic reflections on lived faith.
